About Us.

We are committed to help you thrive.

Introducing Skillsy – Learn from Australia's most experienced leaders in a welcoming, inclusive community to shape the next generation.

SKILLSY.COM.AU

Our Vision

Skillsy was formed on a simple idea –

Why do leaders have access to information and connections that may take someone several decades to build? If we are all in this together – isn't there a fairer way?

To address this, we built a caring and inclusive community that provides educational and networking opportunities to current and future leaders by giving them access to lessons learned from Australia's top leaders.

We worked with the most experienced public and private sector leaders to develop curated and interactive content for you.

Our Courses

Skillsy offers industry leading courses that will take you to the next level.

Materials: Presentation, 90 page workbook, collaborative approach

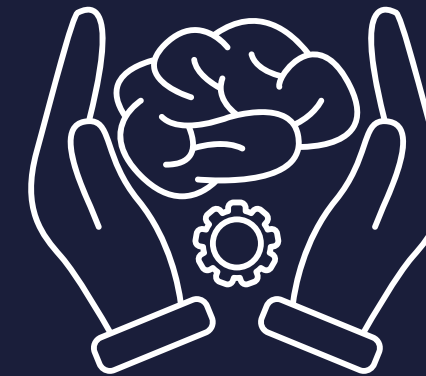

[SKILLSY.COM.AU](https://www.skillsy.com.au)

Facilitated by
leaders

Video content and
panels with industry,
government, and
media experts

Interactive content and
group activities

Strengthen professional
networks and build
collaboration

What is Intro to Infrastructure

What is the market?

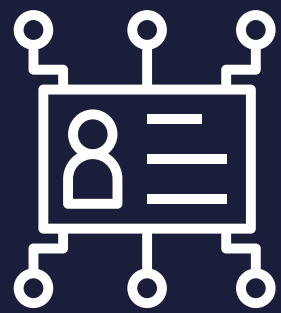

How are things done?

How can we do better?

Diversifying Industry

Providing access to information
and opportunity

Scholarships

Unique voices

Talking about the future

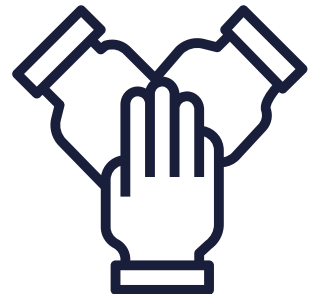

Intro to Infrastructure

Participants will learn:

The vision for Australian infrastructure and how departments, sectors and suppliers fit together (and their role in the industry)

How to build understanding, trust, and collaboration – by understanding each stakeholder's point of view in the infrastructure development ecosystem;

What are the characteristics of successful or challenging projects and how do we mitigate the risks

The importance of inclusivity, social licenses, sustainability, technology and collaboration

How infrastructure decisions are made (and who makes them)

How a successful bid is formulated and chosen

What major issues and opportunities exist on the horizon for the sector

Intro to Infrastructure

WHAT PARTICIPANTS WILL GAIN

A holistic understanding of the infrastructure industry

Access to exclusive industry knowledge, expertise & network

Relationship & network-building from supportive peers across the industry

Collaborative mindset with all key stakeholders in the industry

Problem-solving & innovation skills to better solve industry challenges

Gained sense of empowerment in your role to become an agent of influence and change

WHAT ORGANISATIONS WILL GAIN

Upskilled workforce to better equip the industry;

Empower your workforce to improve mental health, diversity, safety etc.;

Being a part of building a vision for a better future in the industry

Attract & retain a diverse workforce from other industries and cultures
